

Butt Fusion Service Saddles (Rectangle Base)

Molded HDPE service saddles with a rectangle base and ½" FNPT outlet — heat-fused to the pipe crown for permanent, leak-free lateral taps.

HDPE Fittings · Butt Fusion Saddles

Molded HDPE butt fusion service saddles with a rectangle base and ½" FNPT female threaded outlet, in 4", 6", 8", and 10" pipe sizes, for aeration diffuser laterals and small service taps on HDPE pipe.

Material: Molded HDPE (PE4710)

Country of origin: Manufactured in Texas, USA

Compliance: Manufactured to industry standards; certification details available on request.

Features

- Rectangle base contoured to the pipe crown for full-surface butt fusion
- ½" FNPT female threaded outlet accepts standard drops, risers, and diffuser connections
- Joins with standard butt-fusion tooling — no electrofusion processor, clamps, or gaskets
- Fused joint becomes a permanent, monolithic part of the pipe wall
- Molded HDPE for long buried and submerged service life
- Made in the USA

Sizes & part numbers

Butt Fusion Service Saddles — Rectangle Base, ½" FNPT Outlet

Product Number	Pipe Size (in)	Pipe Size (mm)	Outlet	Base Style	Case Qty
BFSS-0405	4	100	½" FNPT	Rectangle	50
BFSS-0605	6	150	½" FNPT	Rectangle	50
BFSS-0805	8	200	½" FNPT	Rectangle	50
BFSS-1005	10	250	½" FNPT	Rectangle	50
