

Temporary Plugs

The Polyethylene Plug snap-in design protects exposed conduit and innerduct with ease.

Underground Electrical & Broadband · Sealing Devices

Low-density polyethylene snap-in plugs that protect ducts, inner-ducts, and terminators from weather, debris, and animal intrusion — with a built-in rope-tie for future pulls.

Material: Low-density polyethylene (LDPE)

Country of origin: Manufactured in Texas, USA

Compliance: Manufactured to industry standards; certification details available on request.

Features

- Tapered and ribbed side walls for a tight, secure fit
- Easy installation and removal
- Maintains shape in extreme environments
- Cost-effective solution for temporary sealing

Sizes & part numbers

Polyethylene Temporary Plugs

Product Number	Trade Size (in)	Trade Size (mm)	Case Qty
2250-010	1.00	25	100
